Terms and Conditions for Software Use

§ 1 Scope

1. These Terms and Conditions for Software Use shall govern STARs provision of Software to the Customer.
2. If the Customer acquires Hardware from STAR in which the Software has been preinstalled, these Terms and Conditions for Software Use shall apply to the preinstalled copy of the Software by way of analogy.
3. These Terms and Conditions for Software Use govern the provision of software against payment and the provision of Demo Software. However, the provision of Demo Software is only governed to the extent explicitly provided in § 20 of these Terms and Conditions for Software Use. Provisions of these Terms and Conditions for Software Use that § 20 does not explicitly declare to be applicable to the provision of Demo Software apply exclusively to software that is provided against payment.

§ 2 Definitions

Unless otherwise explicitly stipulated, the following terms used in these Terms and Conditions for Software Use (including the definitions themselves) have the following meaning:

Customer

The party to the respective agreement with STAR as licensee.

Demo Software

Software that STAR provides to the Customer free of charge which has a limited functional scope compared to the corresponding Software provided against payment.

Device Driver

Software that is designed to control a specific piece of Hardware and is acquired by the Customer from STAR together with this Hardware. Whether or not a piece of Software is a Device Driver is set forth in the respective User Documentation.

Download

The possibility of transferring data in the Internet from one computer to the Customer's computer.

Terms and Conditions for Software Use

These general terms and conditions for the provision of Software for use.

Update

The bundling of several defect corrections and/or repairs of faults in the Software, as well as minor functional improvements or adjustments of the Software in a single batch.

User Documentation

The textual and technical description of the Software that is in effect prior to the conclusion of this agreement and is provided to the Customer prior to the conclusion of this agreement (e.g. Instructions for Use, User Manual, Documentation).

§ 3 Order of priority

1. The agreements entered into by the Customer and STAR have the following order of priority:

- order confirmation
- User Documentation on the respective Software
- these Terms and Conditions for Software Use
- STAR's general terms and conditions of sale

In the event of any conflicts, the provisions listed first will always take priority over those listed last. Any gaps shall be filled by the respective subordinate provisions.

2. Any contrary or differing terms and conditions of the Customer shall only apply with STAR's explicit written consent.

§ 4 Contract formation

All offers by STAR are non-binding. A contract between the Customer and STAR will only be concluded by the written confirmation of an order or the delivery of Software by STAR.

§ 5 General Terms and Conditions of use rights

1. STAR grants the Customer the right to use the Software under these Terms and Conditions for Software Use. For the use of the Software, STAR offers the License Models designated in § 6 of these Terms and Conditions for Software Use. The following provisions of this § 5 of the Terms and Conditions for Software Use shall apply to all License Models insofar as no other provision is expressly made under § 6 of these Terms and Conditions for Software Use. Any use or exploitation of the Software that goes beyond these Terms and Conditions for Software Use is prohibited.
2. For the duration of the existence of any intellectual property rights, the Customer is granted a non-exclusive right to use the Software for internal use for the purposes set forth in the User Documentation. Use of Software means any permanent or temporary full or partial reproduction of the Software by means of saving, loading, running or displaying the Software for the purpose of executing the Software; any other reproduction of the Software is prohibited, with the exception of the making of a backup copy (§ 7 of these Terms and Conditions for Software Use). Prohibited is in particular, but without limitation, the reproduction of the Software for the purpose of passing it on to third parties with or without remuneration.

3. The Customer may only modify or edit the Software to the extent necessary for the use described in the User Documentation, to connect the Software with another computer program, or to correct errors. Other than that, the Customer may only modify the Software if and to the extent STAR has explicitly permitted the Customer to do so in writing.
4. With regard to the rights to the Software granted to the Customer, the Customer shall not grant rights to third parties. Nor may the Customer grant third parties a sublicense in the rights to the Software granted to the Customer. § 18 of these Terms and Conditions for Software Use remains unaffected.

§ 6 License Models

1. STAR offers the Customer the following License Models for the licensing of the Software:

- a. “Single User License”

Only one employee of the Customer may use the Software on one computer at a time. The Customer is free to choose which computer and which employee will be involved in the use. The Customer is not allowed to keep the Software on the server of a network if this would enable multiple uses of the Software at the same time. If the Customer wishes to have the Software used by multiple employees or on multiple computers at the same time, the Customer must notify this in writing in advance and purchase additional licenses for the Software from STAR.

- b. “Floating License”

The Customer may have the Software used by two or more employees on various computers at the same time. The number of employees entitled to use it at the same time can be derived from the order confirmation. The Customer is free to choose which employees and which computers will be involved in the use. If the Customer wishes to increase the number of employees entitled to use the Software at the same time, it must notify this in writing in advance and purchase additional licenses for the Software from STAR.

- c. “Integrated Software License”

The Integrated Software License applies to device drivers, Firmware and Embedded Software. The Customer may use the licensed Software under the Integrated Software License only for the designated operation of the Hardware acquired from STAR together with this Software. The designated operation is set forth in the respective User Documentation. Any other use of the Software, in particular but not limited to, the use of the Software for Hardware that the Customer did not acquire from STAR together with the Software is prohibited.

- d. “Development Kit License”

The Customer may use the Software for the project stated in the order confirmation. Should the Customer wish to use the Software for other projects, the Customer must make prior notification of this to STAR and purchase further licenses for the software. Should no project be stated in the order confirmation in spite of the license model “Development Kit License” being specified, the Development Kit License shall be valid for the Customer’s project which comes closest to the subject matter of the license in terms of content. In the framework of the respective project, the Software licensed under the Development Kit License may,

- (i) in derogation of § 5 para. 2 of these Terms and Conditions for Software Use, be used not only for internal purposes but also for third-party purposes.
- (ii) in derogation of § 5 para. 2 of these Terms and Conditions for Software Use, be reproduced for the purpose of passing on – either with or without remuneration – software developed by the Customer. In this respect, passing on Software to third parties is subject to the condition that the Customer passes on the file “Copyright.txt” to the third party, and that the third party undertakes to comply with the restrictions deriving from the order confirmation, the User Documentation, the Terms and Conditions for Software Use and the restrictions deriving from the file “Copyright.txt” in using the Software.
- (iii) in derogation of § 5 para. 4, be sublicensed to third parties insofar as the respective third party undertakes to comply with the restrictions deriving from the order confirmation, the User Documentation, these Terms and Conditions for Software Use and the restrictions deriving from the file “Copyright.txt” in using the Software. Any sublicense is dependent on the main license as regards validity and scope.

2. Device drivers, Firmware and Embedded Software shall always be licensed under the Integrated Software License. Otherwise, the rule shall apply that unless otherwise explicitly regulated in the confirmation of order, the Customer will merely be acquiring a "Single User License".

§ 7 Backup copy

The use of the Software and the data contained therein in accordance with these Terms and Conditions for Software Use includes the creation of a backup copy. The backup copy may only be used for backup purposes. The Customer shall keep the backup copy at a secure location that is not accessible to third parties.

§ 8 Source Code/Object Code

1. The Software will be provided to the Customer in the Object Code as a Download or on machine readable data carriers.
2. Unless otherwise explicitly provided in the order confirmation, the Customer is not entitled to the provision of the Source Code or parts thereof.
3. A decompilation of the Object Code is permissible only in compliance with the statutory limitations set forth in sec. 69e of the German Copyright Act (UrhG). Any decompilations in excess thereof are prohibited.

§ 9 User Documentation

1. The Customer will receive one User Documentation in typewritten form and/or in electronic form on machine readable data carriers or as a Download.
2. The Customer may reproduce the User Documentation in typewritten form only with STAR's prior written consent. If the Customer receives the User Documentation only in electronic form, then notwithstanding sentence 1 the Customer may make one copy of the User Documentation in typewritten form for its own internal use.
3. In all other respects, § 5 through § 7 of these Terms and Conditions for Software Use shall apply by analogy to the use of the User Documentation in electronic form.

§ 10 Protection of the License Materials

1. The Customer undertakes to comply with the protection notices contained in the License Materials, such as copyright notices and other reservations of rights, to retain them in unmodified form as well as to incorporate them into the backup copy in unmodified form.
2. Notwithstanding the use rights granted on the basis of these Terms and Conditions for Software Use, STAR retains all rights to the License Materials, including all rights in all copies or partial copies created thereof by the Customer. This does not affect the Customer's ownership of machine readable data carriers and Hardware.

§ 11 Maintenance of Software

1. A prerequisite for the provision of Software maintenance is the conclusion of a maintenance agreement for a consideration. Without a maintenance agreement, the Customer shall have no claim to Software maintenance.
2. Software maintenance comprises the delivery of Updates to the Software once STAR also provides it to other customers in the normal course of business.
3. Maintenance agreements shall have a basic term of one calendar year commencing with the day on which the respective Software is provided. If the maintenance agreement is not terminated by one of the Parties in writing at least two calendar months prior to the expiration of the basic term, the maintenance agreement shall extend by another calendar year. Sentence 2 applies for every subsequent extension *mutatis mutandis*.
4. For the use of Updates of the Software, these Terms and Conditions for Software Use, in the version current at the time of the delivery of the respective Updates shall apply.

§ 12 Warranty of title (Rechtsmängelgewährleistung)

1. The Customer shall notify STAR in writing without delay of any claims asserted against the Customer arising from an infringement of intellectual property rights by the License Materials.

2. If the Customer's designated use of the License Materials is impaired by the intellectual property rights of third parties, STAR shall to an extent reasonable for the Customer, have the right at STAR's option to acquire corresponding licenses from third parties at STAR's expense or to modify or replace the License Materials such that they no longer impair the intellectual property rights of third parties.
3. STAR shall not be liable under a warranty of title where the infringement of intellectual property rights of third parties is due to the fact that the Customer has modified or edited the License Materials or is using the Software together with Hardware or computer programs that were not supplied by STAR. This also applies where the third party's claims arise from a use of the License Materials by the Customer after it had been informed by STAR that as a result of a third party claim the use should be stopped.

§ 13 Warranty of merchantability (*Sachmängelgewährleistung*)

1. The designated use and the conditions for operation of the Software are set forth in the User Documentation. The Customer bears sole responsibility for the selection and usage of the Software, including the performance results to be achieved by the usage of the Software.
2. STAR warrants that the Software in the version provided to the Customer is suitable for the designated use in accordance with the User Documentation. In the event of significant deviations from the User Documentation, STAR shall have the right and, unless unreasonable expense would be involved, the obligation to perform remediation. If the Customer cannot reasonably be expected to await the next Update of the Software and STAR fails to remediate such significant deviations of the Software from the User Documentation or to work around them such that the Customer is able to use the Software in the designated manner within a reasonable period of time,, the Customer may, at its option, withdraw or instead claim a reduction of the license fee pursuant to sec. 441 of the German Civil Code (BGB).
3. STAR will fulfill its warranty obligations during the Normal Working Hours ; no costs will be incurred by the Customer in this respect. If STAR is to fulfill warranty obligations outside of normal working hours, the Parties shall enter into a written supplementary agreement to compensate for the additional costs.
4. The Customer is obligated to provide STAR with verifiable documentation of the nature and occurrence of deviations of the Software from the User Documentation and shall cooperate in isolating any defects.
5. Obvious defects must be notified to STAR within a period of 2 (two) weeks of receipt of the Software; otherwise, STAR shall not be liable for a warranty violation. The timely dispatch of the notification of defect will be sufficient for compliance with the deadline; the burden of proof is on the Customer. If the Customer is a merchant (*Kaufmann*), the provisions of sec. 377 of the German Commercial Code (HGB) shall apply.
6. STAR shall have no warranty obligations if the Customer has modified or edited the Software.
7. STAR will likewise have no warranty obligations for defects in quality if the defect in the Software is due to the fact that the Customer is using the Software together with hardware or computer programs that were not supplied by STAR.
8. Should STAR nonetheless perform work to remediate defects in the cases set forth in § 13 paras. 6 and 7 of these Terms and Conditions for Software Use, the Customer shall pay for such work at STAR's normal rates in effect at the time such work is carried out.
9. The above limitations of the warranty obligation shall not apply in cases in which STAR has assumed a guarantee for a condition of the License Material or if STAR fraudulently concealed any defects.

§ 14 Statute of limitations of warranty claims

Subject to the provisions in the following sentence and in § 13 para. 9 of these Terms and Conditions for Software Use, warranty claims will become time-barred one year after delivery of the Software. However, the Customer's claims for damages or reimbursement of expenditures shall not be affected by the above provision and shall become time-barred according to the statutory time periods; for claims for damages and reimbursement of expenditures, the provisions in § 15 of these Terms and Conditions for Software Use shall apply.

§ 15 Disclaimer of Liability

1. In the event of a breach of material contractual duties (so-called "Cardinal Obligations"), STAR shall be liable toward the Customer for reimbursement of expenditures and damages (hereinafter in this § 15 of the Terms and Conditions for Software Use collectively referred to as "**Damages**"). Cardinal Obligations are all obligations whose breach would jeopardize the achievement of the contractual purpose, as well as all obligations whose

fulfillment enables the proper performance of the contract in the first place and on compliance with which the Customer can generally rely. However, where a breach of a Cardinal Obligation is due only to slight negligence and does not result in injury to life, limb or health, the Customer's claims will be limited to Damages in the amount of the typically foreseeable damage.

2. STAR shall also be liable to the Customer pursuant to the provisions of the German Product Liability Act (*Produkthaftungsgesetz*), in cases of intent and gross negligence, for injury to life, limb or health, if it assumes a guarantee, as well as in all other cases of mandatory statutory liability, in each case in accordance with the statutory provisions.
3. In all other cases, claims for damages against STAR – regardless of their legal basis, in particular due to a breach of obligations under the contractual relationship between the Parties by STAR, its legal representatives, employees or vicarious agents (*Erfüllungsgehilfen*), pursuant to sec. 311a German Civil Code or based on tort – are disclaimed.
4. To the extent STAR's liability is limited or disclaimed under the above provisions, this shall also apply to the personal liability of STAR's legal representatives, employees and vicarious agents.

§ 16 Operating conditions for the Software

1. The Software provided to the Customer was developed for use on certain hardware and for purposes of interoperability with certain other computer programs. These operating conditions are set forth in detail in the respective User Documentation, compliance with which is mandatory for the Customer. The Customer shall also inspect the Software carefully before putting it into productive operation. This applies especially, but not only, if the Software is to be put to use in a safety-critical area.
2. If the Software is not used in compliance with the operating conditions as set forth in § 16 para. 1 of these Terms and Conditions for Software Use, the warranty obligation pursuant to § 12 and § 13 of these Terms and Conditions for Software Use shall not apply. Should STAR nonetheless perform work to remediate the defects, the Customer shall pay for such work at STAR's normal rates in effect at the time such work is carried out.
3. In the event that third parties assert claims against STAR arising from the fact that the Customer, its legal representatives, employees or vicarious agents culpably used the Software without complying with the operating conditions pursuant to § 16 para. 1 of these Terms and Conditions for Software Use, the Customer shall indemnify STAR against such claims of the third party and reimburse STAR for all damage incurred in this connection. STAR shall notify the Customer in writing without delay in case any claims within the meaning of sentence 1 are asserted against it.

§ 17 Test phase

1. The Customer has the right to test the Software free of charge before putting it into productive operation if this is explicitly provided for in the order confirmation. In that case, the individual modalities of the test phase (duration, etc.) will be those stated in the order confirmation.
2. In any case, the test phase shall end once the Customer begins to put the Software into productive operation. The Customer shall notify STAR in writing of the commencement of the productive operation.

§ 18 Transfer of the License Materials

1. The Customer has the right to transfer the License Materials in their original condition to a third party, together with a copy of these Terms and Conditions for Software Use and the order confirmation as long as the Customer provides STAR with the name and complete address of such third party and the third party undertakes to STAR to comply with the restrictions set forth in the order confirmation, the User Documentation and these Terms and Conditions for Software Use when using the Software. This right to transfer the License Materials does not extend to modified or edited versions of the License Materials.
2. Upon the transfer of the License Materials in compliance with the prerequisites set forth in § 18 para. 1 of the Terms and Conditions for Software Use, the right to use the License Materials will pass to the third party, who thereby replaces the Customer within the meaning of these Terms and Conditions for Software Use. At the same time, the Customer's right to use the Software will end.
3. Upon the transfer of the License Materials, the Customer shall immediately and completely delete or otherwise destroy all copies and partial copies of the License Materials as well as modified or edited versions of the License Materials. This also applies to the backup copy pursuant to § 7 of these Terms and Conditions for Software Use.

4. § 18 paras. 1 to 3 of these Terms and Conditions for Software Use also apply if the transfer consists of a temporary provision for use. However, it is prohibited to rent out the License Materials or parts thereof.
5. For cases in which the License Materials are subsequently transferred to other third parties, § 18 paras. 1 to 4 of these Terms and Conditions for Software Use shall apply accordingly.
6. The above provisions of this § 18 of the Terms and Conditions for Software Use do not apply to Software licensed under the License Model "Development Kit License". Passing on this Software to third parties is only permissible subject to the preconditions provided for under § 6 para. 1 lit. d of the Terms and Conditions for Software Use.

§ 19 License fee / maintenance fees

1. The Customer shall pay the license and maintenance fees set forth in the order confirmation. The amounts listed in the order confirmation do not include VAT, which will be invoiced separately at the rate in effect at the time.
2. In all other respects, the payment of the license and maintenance fees will be governed by STAR's general terms and conditions of sale, which shall be provided to the Customer prior to the conclusion of the contract.

§ 20 Demo Software

1. Besides the Software STAR offers against payment, STAR also offers Demo Software in Object Code on machine readable data carriers or as a Download. The Customer is not entitled to a provision of Demo Software for use, nor to a provision of the Source Code of the Demo Software or parts thereof for use, nor to a provision of Updates of Demo Software for use.
2. The contract between the Customer and STAR on the provision of Demo Software for use shall be concluded by the utilization of the Demo Software by the Customer.
3. For the duration of the existence of any intellectual property rights, the Customer is granted a non-exclusive right to use the Demo Software internally for the purposes set forth in the User Documentation. Use of the Demo Software means any permanent or temporary full or partial reproduction of the Demo Software by means of saving, loading, running or displaying it for the purpose of executing the Demo Software; any other reproduction of the Demo Software is prohibited, with the exception of the making of a backup copy (§ 7 of these Terms and Conditions for Software Use). Prohibited is in particular, but without limitation, the reproduction of the Demo Software for the purpose of passing it on to third parties with or without remuneration.
4. The Customer shall have no right to modify or edit the Demo Software. A decompilation of the Object Code is permissible only subject to the statutory restrictions set forth in sec. 69e Copyright Act. Any decompilations in excess thereof are prohibited.
5. With regard to the rights to the Demo Software granted to the Customer, the Customer shall not grant any rights to third parties. Nor may the Customer grant third parties a sub-license in the rights to the Demo Software granted to the Customer.
6. STAR shall only be liable for defects of title or quality of the Demo Software and the respective User Documentation if STAR has fraudulently concealed such defect. Apart from warranty obligations, STAR shall only be liable for intent and gross negligence. Any other liability of STAR is disclaimed. To the extent STAR liability is limited or disclaimed pursuant to the above provisions, this shall also apply to STAR's legal representatives, employees and vicarious agents.
7. The Demo Software provided to the Customer was developed for use on certain hardware and for purposes of interoperability with certain other computer programs. These operating conditions are set forth in detail in the respective User Documentation. In the event that third parties assert claims against STAR arising from the fact that the Customer, its legal representatives, employees or vicarious agents culpably used the Demo Software without complying with the operating conditions pursuant to § 20 para. 7 sentence 2 of these Terms and Conditions for Software Use, the Customer shall indemnify STAR against such claims of the third party and reimburse STAR for all damage incurred in this connection. STAR shall notify the Customer in writing without delay in case any such claims are asserted against it.
8. In all other respects, the following provisions of these Terms and Conditions for Software Use shall apply by analogy to the provision of the Demo Software: § 7, § 9 (with the modification that § 9 para. 3 shall refer to this § 20), § 10 and § 22.

§ 21 Confidentiality

1. The confidentiality obligations of both Parties follow from a separate confidentiality agreement. If the Parties have not entered into such a separate confidentiality agreement, the following paras. 2 to 4 shall apply.
2. The Parties undertake to maintain secrecy for an unlimited period of time with regard to all confidential information that becomes accessible to them in connection with this agreement. Confidential information is information that a Party has either marked or in any other way designated in writing as protected or confidential, or information that, in light of the circumstances of its disclosure, the recipient Party must reasonably identify as confidential. Confidential information includes in particular, but without limitation, the License Materials.
3. The above confidentiality obligations will not apply if and to the extent the respective item of information demonstrably (i) is generally known or has become generally known without a party's fault and without violation of these obligations of confidentiality, (ii) is or becomes state of the art, (iii) was already known to the recipient Party at the time of its disclosure, which must be proved by documents evidencing such knowledge, (iv) was or is lawfully made known or accessible to the recipient Party by a third party, (v) has to be disclosed due to statutory provisions or enforceable official orders or court decisions. The burden of proving the existence of such an exception is borne by the respective recipient of the information. In any case, the respective affected Party must, to the extent possible, be informed in a timely manner prior to the disclosure of the information to third parties.
4. Both Parties will take suitable precautions to protect the confidential information of the respective other Party. Both Parties will disclose confidential information of the respective other Party to governing bodies, employees, consultants or sub-contractors only subject to this confidentiality obligation, which must likewise be imposed on the recipient.

§ 22 Miscellaneous

1. Should any individual provisions of these Terms and Conditions for Software Use be or become invalid, this shall not affect the validity of the other provisions.
2. For the purpose of handling the provision of the Software, STAR will store personal data of the Customer in an IT system and automatically process it. The data will not be used for any purposes in excess thereof. It will not be passed on to third parties.
3. The governing laws are the laws of the Federal Republic of Germany. The UN Convention on Contracts for the International Sale of Goods does not apply.
4. If the Customer is a merchant (*Kaufmann*), a legal entity under public law (*juristische Person des öffentlichen Rechts*) or a special fund under public law (*öffentlich-rechtliches Sondervermögen*), the exclusive legal venue for all disputes shall be Stuttgart. STAR is entitled, at its option, to file suit against the Customer at the latter's general legal venue.

3. Die Softwarenutzungsbedingungen regeln die entgeltliche Softwareüberlassung und die Überlassung von Demo Software, die Überlassung von Demo Software jedoch nur, soweit dies ausdrücklich in § 20 der Softwarenutzungsbedingungen vorgesehen ist. - a. „Single User License“

Der Kunde darf die Software zur gleichen Zeit nur durch einen Mitarbeiter auf einem Computer nutzen. Auf welchem Computer und durch welchen Mitarbeiter die Nutzung erfolgt, ist dem Kunden freigestellt. Dem Kunden ist es nicht gestattet, die Software auf dem Server eines Netzwerks vorzuhalten, soweit hierdurch eine zeitgleiche Mehrfachnutzung der Software ermöglicht wird. Will der Kunde die Software gleichzeitig durch mehrere Mitarbeiter oder auf mehreren Computern nutzen, muss der Kunde dies vorher schriftlich anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben.

- b. „Floating License“

Der Kunde darf die Software zur gleichen Zeit durch mehrere Mitarbeiter auf verschiedenen Computern nutzen. Die Anzahl der gleichzeitig zur Nutzung berechtigten Mitarbeiter ergibt sich aus der Auftragsbestätigung. Durch welchen Mitarbeiter und auf welchen Computern die Nutzung erfolgt, ist dem Kunden freigestellt. Will der Kunde die Zahl der gleichzeitig zur Nutzung berechtigten Mitarbeiter erhöhen, muss der Kunde dies STAR vorher schriftlich anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben.

- c. „Integrated Software License“

Die Integrated Software License gilt für Gerätetreiber, Firmware und Embedded Software. Der Kunde darf unter der Integrated Software License lizenzierte Software ausschließlich für den bestimmungsgemäßen Betrieb der gemeinsam mit dieser Software bei STAR erworbenen Hardware nutzen. Der bestimmungsgemäße Betrieb ergibt sich aus der jeweiligen Anwenderdokumentation. Jede anderweitige Nutzung der Software, insbesondere, aber nicht nur, die Nutzung der Software für Hardware, die der Kunde nicht gemeinsam mit der Software bei STAR erworben hat, ist ausgeschlossen.

- d. „Development Kit License“

Der Kunde darf die Software für das in der Auftragsbestätigung genannte Projekt nutzen. Will der Kunde die Software für andere Projekte nutzen, muss der Kunde dies vorher schriftlich STAR anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben. Ist in der Auftragsbestätigung trotz der Angabe des Lizenzmodells „Development Kit License“ kein Projekt benannt, gilt die Development Kit License für das zur Lizenzvergabe sachnächste Projekt des Kunden. Die unter der Development Kit License lizenzierte Software darf im Rahmen des jeweiligen Projekts

- (i) abweichend von § 5 Abs. 2 dieser Softwarenutzungsbedingungen vom Kunden nicht nur für interne Zwecke, sondern auch für die Zwecke Dritter genutzt werden.
- (ii) abweichend von § 5 Abs. 2 dieser Softwarenutzungsbedingungen zum Zweck der unentgeltlichen oder entgeltlichen Weitergabe vom Kunden entwickelter Software vervielfältigt werden. Wobei die Weitergabe der Software an Dritte nur unter der Bedingung erlaubt ist, dass der Kunde dem Dritten die Datei „Copyright.txt“ weitergibt und sich der Dritte verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation, den Softwarenutzungsbedingungen und den sich aus der Datei „Copyright.txt“ ergebenden Einschränkungen bei der Nutzung der Software einzuhalten.
- (iii) abweichend von § 5 Abs. 4 an Dritte unterlizenziert werden, sofern sich der jeweilige Dritte verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation, diesen Softwarenutzungsbedingungen und den sich aus der Datei „Copyright.txt“ ergebenden Einschränkungen bei der Nutzung der Software einzuhalten. Jede Unterlizenz ist im Bestand und Umfang von der Hauptlizenz abhängig.

2. Gerätetreiber, Firmware und Embedded Software werden immer unter der Integrated Software License lizenziert. Im übrigen gilt: Soweit nicht ausdrücklich etwas anderes in der Auftragsbestätigung geregelt ist, erwirbt der Kunde nur eine „Single User License“.

§ 7 Sicherungskopie

Zur vertragsgemäßen Nutzung der Software und den darin enthaltenen Datenbeständen gehört die Herstellung einer Sicherungskopie. Die Sicherungskopie darf ausschließlich zu Sicherungszwecken verwendet werden. Der Kunde wird die Sicherungskopie an einem sicheren, für Dritte nicht zugänglichen Ort aufbewahren.

§ 8 Quellcode/Objektcode

1. Die Software wird dem Kunden im Objektcode als Download oder auf maschinenlesbaren Datenträgern überlassen.
2. Soweit in der Auftragsbestätigung nicht ausdrücklich etwas anderes geregelt ist, hat der Kunde keinen Anspruch auf die Überlassung des Quellcodes oder von Teilen des Quellcodes.
3. Eine Rückübersetzung des Objektcodes ist nur unter Einhaltung der gesetzlichen Beschränkungen gemäß § 69e UrhG zulässig. Weitergehende Rückübersetzungen sind ausgeschlossen.

§ 9 Anwenderdokumentation

1. Der Kunde erhält eine Anwenderdokumentation in druckschriftlicher Form und/oder in elektronischer Form auf maschinenlesbaren Datenträgern oder als Download.
2. Der Kunde darf die Anwenderdokumentation in druckschriftlicher Form nur mit vorheriger schriftlicher Zustimmung von STAR vervielfältigen. Erhält der Kunde die Anwenderdokumentation nur in elektronischer Form, darf der Kunde abweichend von Satz 1 eine Vervielfältigung der Anwenderdokumentation in druckschriftlicher Form für den eigenen internen Gebrauch erstellen.
3. Im Übrigen gelten für die Nutzung der Anwenderdokumentation in elektronischer Form § 5 bis § 7 der Softwarenutzungsbedingungen sinngemäß.

§ 10 Schutz des Lizenzmaterials

1. Der Kunde verpflichtet sich, die im Lizenzmaterial enthaltenen Schutzvermerke wie Copyrightvermerke und andere Rechtsvorbehalte zu beachten, unverändert beizubehalten sowie in der Sicherungskopie in unveränderter Form zu übernehmen.
2. Unbeschadet der auf Grund dieser Softwarenutzungsbedingungen eingeräumten Nutzungsrechte behält STAR alle Rechte am Lizenzmaterial einschließlich aller vom Kunden hergestellten Kopien oder Teilkopien desselben. Das Eigentum des Kunden an maschinenlesbaren Datenträgern und Hardware wird hiervon nicht berührt.

§ 11 Softwarepflege

1. Voraussetzung für die Leistung von Softwarepflege ist der Abschluss eines entgeltlichen Pflegevertrags. Ohne Pflegevertrag hat der Kunde keinen Anspruch auf Softwarepflege.
2. Gegenstand der Softwarepflege ist die Lieferung von Updates der Software, sobald STAR diese im normalen Geschäftsverkehr auch anderen Kunden zur Verfügung stellt.
3. Pflegeverträge haben eine Grundlaufzeit von einem Kalenderjahr beginnend mit dem Tag der Überlassung der jeweiligen Software. Wird der Pflegevertrag nicht spätestens zwei Kalendermonate vor Ablauf der Grundlaufzeit von einer der Vertragsparteien schriftlich gekündigt, verlängert sich der Pflegevertrag um ein weiteres Kalenderjahr. Satz 2 gilt für jede nachfolgende Verlängerung entsprechend.
4. Für die Nutzung von Updates der Software gelten diese Softwarenutzungsbedingungen in ihrer bei Lieferung des jeweiligen Updates gültigen Fassung.

§ 12 Gewährleistung für Rechtsmängel

1. Der Kunde wird STAR unverzüglich schriftlich benachrichtigen, falls ihm gegenüber Ansprüche wegen der Verletzung von Schutzrechten durch das Lizenzmaterial geltend gemacht werden.

2. Wird der Kunde an der vertragsgemäßen Nutzung des Lizenzmaterials durch Schutzrechte Dritter beeinträchtigt, so hat STAR in einem für den Kunden zumutbaren Umfang das Recht, nach der Wahl von STAR und auf Kosten von STAR entsprechende Lizenzen vom Dritten zu erwerben oder das Lizenzmaterial so zu ändern oder auszutauschen, dass es die Schutzrechte des Dritten nicht mehr beeinträchtigt.
3. STAR trifft keine Verpflichtung zur Rechtsmängelgewährleistung, soweit die Verletzung von Schutzrechten Dritter darauf beruht, dass der Kunde das Lizenzmaterial geändert oder bearbeitet hat, oder darauf, dass der Kunde die Software zusammen mit nicht von STAR gelieferter Hardware oder Computerprogrammen nutzt. Dies gilt auch, wenn die Ansprüche des Dritten auf einer Nutzung des Lizenzmaterials durch den Kunden beruhen, nachdem STAR den Kunden darauf hingewiesen hat, dass die Nutzung wegen eines Anspruchs von Dritten einzustellen ist.

§ 13 Gewährleistung für Sachmängel

1. Die vertragsgemäße Benutzung und die Einsatzbedingungen der Software ergeben sich aus der Anwenderdokumentation. Die Verantwortung für die Auswahl der Software und den Einsatz der Software einschließlich der durch deren Einsatz herbeizuführenden Leistungsergebnisse liegt allein beim Kunden.
2. Für die Software in der dem Kunden überlassenen Fassung gewährleistet STAR die Eignung für den vertragsgemäßen Gebrauch in Übereinstimmung mit der Anwenderdokumentation. Im Fall von erheblichen Abweichungen von der Anwenderdokumentation ist STAR zur Nachbesserung berechtigt und, soweit dies nicht mit unangemessenem Aufwand verbunden ist, auch verpflichtet. Ist dem Kunden das Abwarten auf das nächste Update der Software nicht zumutbar und gelingt es STAR innerhalb einer angemessenen Frist nicht, durch Nachbesserung die erheblichen Abweichungen der Software von der Anwenderdokumentation zu beseitigen oder so zu umgehen, dass dem Kunden der vertragsgemäße Gebrauch der Software ermöglicht wird, kann der Kunde nach seiner Wahl zurücktreten oder stattdessen eine Herabsetzung der Lizenzgebühr gemäß § 441 BGB verlangen.
3. STAR erfüllt die Gewährleistungspflichten während der üblichen Arbeitszeiten; insoweit entstehen für den Kunden keine Kosten. Soll STAR Gewährleistungspflichten außerhalb der üblichen Arbeitszeiten erfüllen, so ist eine schriftliche Zusatzvereinbarung zum Ausgleich der anfallenden Mehrkosten erforderlich.
4. Der Kunde ist verpflichtet, STAR nachprüfbar Unterlagen über Art und Auftreten von Abweichungen der Software von der Anwenderdokumentation zur Verfügung zu stellen und bei der Eingrenzung von Fehlern mitzuwirken.
5. Offensichtliche Mängel sind STAR innerhalb einer Frist von 2 (zwei) Wochen ab Empfang der Software anzuzeigen; anderenfalls ist die Geltendmachung des Gewährleistungsanspruchs ausgeschlossen. Zur Fristwahrung genügt die rechtzeitige Absendung der Mängelanzeige; die Beweislast hierfür trifft den Kunden. Ist der Kunde Kaufmann, gelten die Regelungen des § 377 HGB.
6. STAR trifft keine Verpflichtung zur Sachmängelgewährleistung, wenn der Kunde die Software geändert oder bearbeitet hat.
7. Ebenfalls trifft STAR keine Verpflichtung zur Sachmängelgewährleistung, wenn der Mangel der Software darauf beruht, dass der Kunde die Software zusammen mit nicht von STAR gelieferter Hardware oder Computerprogrammen nutzt.
8. Erbringt STAR in den Fällen des § 13 Abs. 6 und 7 dieser Softwarenutzungsbedingungen dennoch Arbeiten zur Mängelbeseitigung, hat der Kunde diese Arbeiten nach den zum Zeitpunkt der Ausführung dieser Arbeiten üblichen Sätzen von STAR zu vergüten.
9. Die vorstehenden Einschränkungen der Gewährleistungspflicht gelten nicht in Fällen, in denen STAR eine Garantie für die Beschaffenheit des Lizenzmaterials übernommen oder Mängel arglistig verschwiegen hat.

§ 14 Verjährung von Gewährleistungsansprüchen

Gewährleistungsansprüche verjähren – vorbehaltlich der Regelungen im folgenden Satz und in § 13 Abs. 9 der Softwarenutzungsbedingungen – in einem Jahr ab Ablieferung der Software. Schadensersatz- oder Aufwendungsersatzansprüche des Kunden bleiben hingegen durch die vorstehenden Regelungen unberührt und verjähren innerhalb der gesetzlichen Fristen; für Schadensersatz- und Aufwendungsersatzansprüche gelten die Regelungen in § 15 der Softwarenutzungsbedingungen.

§ 15 Haftung

1. STAR haftet dem Kunden bei der Verletzung wesentlicher Vertragspflichten (sogenannter Kardinalpflichten) auf Aufwendungs- und Schadensersatz (im Folgenden in § 15 der Softwarenutzungsbedingungen gemeinsam „**Schadensersatz**“). Kardinalpflichten sind alle Pflichten, deren Verletzung die Erreichung des Vertragszwecks gefährdet sowie alle Pflichten, deren Erfüllung die ordnungsgemäße Durchführung des Vertrags überhaupt erst ermöglicht und auf deren Einhaltung der Kunde regelmäßig vertrauen darf. Soweit jedoch die Verletzung einer Kardinalpflicht nur leicht fahrlässig geschah und nicht zu einer Verletzung von Leben, Körper oder Gesundheit führte, sind Ansprüche des Kunden auf Schadensersatz der Höhe nach auf den typischen vorhersehbaren Schaden beschränkt.
2. STAR haftet dem Kunde außerdem nach den Vorschriften des Produkthaftungsgesetzes, in Fällen des Vorsatzes und der groben Fahrlässigkeit, für die Verletzung des Lebens, des Körpers oder der Gesundheit, bei Übernahme einer Garantie sowie in allen anderen Fällen gesetzlich zwingender Haftung, jeweils nach Maßgabe der gesetzlichen Vorschriften.
3. Im Übrigen sind Ansprüche auf Schadensersatz gegen STAR – gleich aus welchem Rechtsgrund, insbesondere wegen Verletzung von Pflichten aus diesem Schuldverhältnis durch STAR, deren gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen, aus § 311a BGB oder aus unerlaubter Handlung – ausgeschlossen.
4. Soweit nach den vorstehenden Regelungen die Haftung von STAR eingeschränkt oder ausgeschlossen ist, gilt das auch für die persönliche Haftung der gesetzlichen Vertreter, Mitarbeiter und Erfüllungsgehilfen von STAR.

§ 16 Einsatzbedingungen für die Software

1. Die dem Kunde überlassene Software wurde für den Einsatz auf bestimmter Hardware und für das Zusammenwirken mit bestimmten anderen Computerprogrammen entwickelt. Diese Einsatzbedingungen sind im Einzelnen in der jeweiligen Anwenderdokumentation angegeben, die vom Kunden zwingend zu beachten ist. Der Kunde ist verpflichtet, die Software vor dem produktiven Einsatz sorgfältig zu testen. Dies gilt insbesondere, aber nicht nur, wenn die Software in einem sicherheitskritischen Bereich eingesetzt werden soll.
2. Bei der Benutzung der Software ohne Einhaltung der Einsatzbedingungen gemäß § 16 Abs. 1 dieser Softwarenutzungsbedingungen entfällt die Verpflichtung zur Gewährleistung nach § 12 und § 13 dieser Softwarenutzungsbedingungen. Erbringt STAR dennoch Arbeiten zur Mängelbeseitigung, hat der Kunde diese Arbeiten nach den zum Zeitpunkt der Ausführung dieser Arbeiten üblichen Sätzen von STAR zu vergüten.
3. Machen Dritte gegenüber STAR Ansprüche geltend und beruhen diese Ansprüche darauf, dass der Kunde, dessen gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen die Software schuldhaft ohne Einhaltung der Einsatzbedingungen gemäß § 16 Abs. 1 dieser Softwarenutzungsbedingungen genutzt haben, wird der Kunde STAR von diesen Ansprüchen des Dritten freistellen und STAR alle in diesem Zusammenhang entstehenden Schäden ersetzen. STAR wird den Kunden unverzüglich schriftlich benachrichtigen, falls STAR gegenüber Ansprüche im Sinne von Satz 1 geltend gemacht werden.

§ 17 Testphase

1. Der Kunde darf die Software vor der produktiven Nutzung kostenlos testen, wenn dies ausdrücklich in der Auftragsbestätigung vorgesehen ist. In diesem Fall ergeben sich auch die einzelnen Modalitäten der Testphase (Dauer, etc.) aus der Auftragsbestätigung.
2. In jedem Fall endet die Testphase, wenn der Kunde mit der produktiven Nutzung der Software beginnt. Der Kunde ist verpflichtet, STAR den Beginn der produktiven Nutzung schriftlich anzuzeigen.

§ 18 Weitergabe des Lizenzmaterials

1. Der Kunde ist berechtigt, das Lizenzmaterial im Originalzustand zusammen mit einer Kopie dieser Softwarenutzungsbedingungen und der Auftragsbestätigung an einen Dritten abzugeben, soweit der Kunde STAR den Namen und die vollständige Adresse des Dritten schriftlich mitteilt und sich der Dritte gegenüber STAR verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation und diesen Softwarenutzungsbedingungen bei der Nutzung der Software einzuhalten. Diese Berechtigung zur Weitergabe des Lizenzmaterials erstreckt sich nicht auf geänderte oder bearbeitete Fassungen des Lizenzmaterials.
2. Mit der Weitergabe des Lizenzmaterials unter Einhaltung der Voraussetzungen gemäß § 18 Abs. 1 der Softwarenutzungsbedingungen geht die Berechtigung zur Nutzung des Lizenzmaterials auf den Dritten über, der damit im Sinne der Softwarenutzungsbedingungen an die Stelle des Kunden tritt. Zugleich erlischt die Berechtigung des Kunden, die Software zu nutzen.

3. Mit der Weitergabe des Lizenzmaterials hat der Kunde alle Kopien und Teilkopien des Lizenzmaterials sowie geänderte oder bearbeitete Fassungen des Lizenzmaterials umgehend und vollständig zu löschen oder auf andere Weise zu vernichten. Dies gilt auch für die Sicherungskopie gemäß § 7 der Softwarenutzungsbedingungen.
4. § 18 Abs. 1 bis 3 der Softwarenutzungsbedingungen gelten auch, wenn die Weitergabe in einer zeitweiser Überlassung besteht. Die Vermietung des Lizenzmaterials oder von Teilen davon ist jedoch ausgeschlossen.
5. Für nachfolgende Weitergaben des Lizenzmaterials gelten § 18 Abs. 1 bis 4 der Softwarenutzungsbedingungen entsprechend.
6. Die vorstehenden Regelungen dieses § 18 der Softwarenutzungsbedingungen gelten nicht für Software, die unter dem Lizenzmodell „Development Kit License“ lizenziert wird. Die Weitergabe dieser Software an Dritte ist nur unter den in § 6 Abs. 1 lit. d der Softwarenutzungsbedingungen geregelten Voraussetzungen zulässig.

§ 19 Lizenzgebühr/ Pflegegebühren

1. Der Kunde zahlt die in der Auftragsbestätigung ausgewiesenen Lizenz- und Pflegegebühren. Die in der Auftragsbestätigung aufgeführten Beträge enthalten keine Umsatzsteuer, diese wird gesondert mit dem jeweils gültigen Satz in Rechnung gestellt.
2. Im Übrigen gelten für die Zahlung der Lizenz- und der Pflegegebühren die Allgemeinen Verkaufsbedingungen von STAR, die dem Kunden vor Vertragsschluss zur Verfügung gestellt worden sind.

§ 20 Demosoftware

1. STAR bietet neben der entgeltlichen Software auch Demosoftware im Objektcode auf maschinenlesbaren Datenträgern oder als Download an. Der Kunde hat keinen Anspruch auf die Überlassung von Demosoftware, auf die Überlassung des Quellcodes oder von Teilen des Quellcodes von Demosoftware oder auf die Überlassung von Updates von Demosoftware.
2. Der Vertrag zwischen dem Kunden und STAR über die Überlassung von Demosoftware kommt durch die Ingebrauchnahme der Demosoftware durch den Kunden zustande.
3. Der Kunde erhält für die Dauer des Bestehens etwaiger Schutzrechte ein nicht ausschließliches Recht, die Demosoftware für die in der Anwenderdokumentation vorgesehenen Zwecke intern zu nutzen. Nutzung der Demosoftware ist dabei jede dauerhafte oder vorübergehende ganze oder teilweise Vervielfältigung der Demosoftware durch Speichern, Laden, Ablaufen oder Anzeigen zum Zweck der Ausführung der Demosoftware; jede anderweitige Vervielfältigung der Demosoftware ist mit Ausnahme der Anfertigung einer Sicherungskopie (§ 7 der Softwarenutzungsbedingungen) ausgeschlossen. Ausgeschlossen ist insbesondere, aber nicht nur, die Vervielfältigung der Demosoftware zum Zweck der entgeltlichen oder unentgeltlichen Weitergabe an Dritte.
4. Der Kunde hat kein Recht, die Demosoftware zu ändern oder zu bearbeiten. Eine Rückübersetzung des Objektcodes ist ausschließlich unter den gesetzlichen Beschränkungen gemäß § 69e UrhG zulässig. Weitergehende Rückübersetzungen sind ausgeschlossen.
5. Der Kunde darf hinsichtlich der ihm an der Demosoftware eingeräumten Rechte Dritten keine Rechte einräumen. Ebenfalls darf der Kunde die ihm an der Demosoftware eingeräumten Rechte nicht an Dritte unterlizenzieren.
6. Für Rechts- und Sachmängel der Demosoftware und der jeweiligen Anwenderdokumentation haftet STAR nur, wenn STAR einen Mangel arglistig verschweigt. Außerhalb der Mängelgewährleistung haftet STAR nur für Vorsatz und grobe Fahrlässigkeit. Im Übrigen ist die Haftung von STAR ausgeschlossen. Soweit nach den vorstehenden Regelungen die Haftung von STAR eingeschränkt oder ausgeschlossen ist, gilt das auch für die persönliche Haftung der gesetzlichen Vertreter, Mitarbeiter und Erfüllungsgehilfen von STAR.
7. Die dem Kunde überlassene Demosoftware wurde für den Einsatz auf bestimmter Hardware und für das Zusammenwirken mit bestimmten anderen Computerprogrammen entwickelt. Diese Einsatzbedingungen sind im Einzelnen in der jeweiligen Anwenderdokumentation angegeben. Machen Dritte gegenüber STAR Ansprüche geltend und beruhen diese Ansprüche darauf, dass der Kunde, dessen gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen die Demosoftware schuldhaft ohne Einhaltung der Einsatzbedingungen gemäß § 20 Abs. 7 Satz 2 der Softwarenutzungsbedingungen genutzt haben, wird der Kunde STAR von diesen Ansprüchen des Dritten freistellen und STAR alle in diesem Zusammenhang entstehenden Schäden ersetzen. STAR wird den Kunden unverzüglich schriftlich benachrichtigen, falls STAR gegenüber derartige Ansprüche geltend gemacht werden.

8. Auf die Überlassung der Demosoftware sind im Übrigen sinngemäß folgende Bestimmungen der Softwarenutzungsbedingungen anwendbar: § 7, § 9 (mit der Änderung, dass § 9 Abs. 3 auf diesen § 20 verweist), § 10, § 22.

§ 21 Geheimhaltung

1. Die Geheimhaltungspflichten beider Vertragsparteien ergeben sich aus einer gesonderten Geheimhaltungsvereinbarung. Haben die Vertragsparteien keine gesonderte Geheimhaltungsvereinbarung abgeschlossen, gelten die nachfolgenden Abs. 2 bis 4.
2. Die Vertragsparteien verpflichten sich, sämtliche ihnen im Zusammenhang mit diesem Vertrag zugänglich werdenden vertraulichen Informationen unbefristet geheim zu halten. Vertrauliche Informationen sind Informationen, die entweder durch eine Vertragspartei als geschützt oder vertraulich markiert oder in anderer Weise schriftlich gekennzeichnet sind, oder Informationen, die gemäß den Umständen ihrer Offenlegung von der empfangenden Vertragspartei vernünftigerweise als vertraulich erkennbar sind. Zu den vertraulichen Informationen gehört insbesondere, aber nicht nur, das Lizenzmaterial.
3. Die vorstehende Geheimhaltungsverpflichtung gilt nicht, wenn und soweit die jeweiligen Informationen nachweislich (i) allgemein bekannt sind oder ohne Verschulden einer Vertragspartei und ohne Verstoß gegen diese Geheimhaltungsverpflichtung allgemein bekannt werden, (ii) Stand der Technik sind oder werden, (iii) der empfangenden Vertragspartei zum Zeitpunkt der Übermittlung bereits bekannt sind, was durch Unterlagen bewiesen werden muss, die eine solche Kenntnis belegen, (iv) der empfangenden Vertragspartei von einem Dritten rechtmäßig bekannt oder zugänglich gemacht wurden oder werden, (iv) aufgrund gesetzlicher Vorschriften oder vollstreckbarer behördlicher Verfügungen oder gerichtlicher Entscheidungen offengelegt werden müssen. Die Beweislast für das Vorliegen eines Ausnahmetatbestandes trägt der jeweilige Informationsempfänger. In jedem Fall ist die jeweils betroffene Vertragspartei rechtzeitig vor der Weitergabe der Informationen an Dritte zu informieren, soweit dies möglich ist.
4. Beide Parteien werden angemessene Vorkehrungen zur Sicherung der vertraulichen Informationen der jeweils anderen Partei treffen. Beide Parteien werden vertrauliche Informationen der jeweils anderen Partei Organen, Mitarbeitern, Beratern oder Subunternehmern nur offen legen vorbehaltlich dieser Vertraulichkeitsverpflichtung, der die Empfänger dann entsprechend zu unterwerfen sind.

§ 22 Sonstiges

1. Sollten einzelne Bestimmungen der Softwarenutzungsbedingungen unwirksam sein oder werden, so wird die Wirksamkeit der übrigen Bestimmungen hierdurch nicht berührt.
2. STAR wird personenbezogene Daten des Kunden zum Zweck der Abwicklung der Softwareüberlassung in einer EDV-Anlage speichern und automatisch verarbeiten. Zu darüber hinausgehenden Zwecken werden die Daten nicht verwendet. Eine Weitergabe der Daten an Dritte erfolgt nicht.
3. Es gilt das Recht der Bundesrepublik Deutschland. Das UN-Übereinkommen über Verträge über den internationalen Warenkauf findet keine Anwendung.
4. Ist der Kunde Kaufmann, juristische Person des öffentlichen Rechts oder öffentlich-rechtliches Sondervermögen, ist ausschließlicher Gerichtsstand für alle Streitigkeiten aus oder im Zusammenhang mit diesem Vertrag Stuttgart. STAR ist berechtigt, den Kunden wahlweise an dessen allgemeinem Gerichtsstand zu verklagen.

1 Eclipse Public License - v 1.0

THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS ECLIPSE PUBLIC LICENSE ("AGREEMENT"). ANY USE, REPRODUCTION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES RECIPIENT'S ACCEPTANCE OF THIS AGREEMENT.

1. DEFINITIONS

"Contribution" means:

a) in the case of the initial Contributor, the initial code and documentation distributed under this Agreement, and

b) in the case of each subsequent Contributor:

i) changes to the Program, and

ii) additions to the Program;

where such changes and/or additions to the Program originate from and are distributed by that particular Contributor. A Contribution 'originates' from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions do not include additions to the Program which: (i) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (ii) are not derivative works of the Program.

"Contributor" means any person or entity that distributes the Program.

"Licensed Patents" mean patent claims licensable by a Contributor which are necessarily infringed by the use or sale of its Contribution alone or when combined with the Program.

"Program" means the Contributions distributed in accordance with this Agreement.

"Recipient" means anyone who receives the Program under this Agreement, including all Contributors.

2. GRANT OF RIGHTS

a) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form.

b) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free patent license under Licensed Patents to make, use, sell, offer to sell, import and otherwise transfer the Contribution of such Contributor, if any, in source code and object code form. This patent license shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the

Contribution causes such combination to be covered by the Licensed Patents. The patent license shall not apply to any other combinations which include the Contribution. No hardware per se is licensed hereunder.

c) Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, no assurances are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other entity. Each Contributor disclaims any liability to Recipient for claims brought by any other entity based on infringement of intellectual property rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any. For example, if a third party patent license is required to allow Recipient to distribute the Program, it is Recipient's responsibility to acquire that license before distributing the Program.

d) Each Contributor represents that to its knowledge it has sufficient copyright rights in its Contribution, if any, to grant the copyright license set forth in this Agreement.

3. REQUIREMENTS

A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:

a) it complies with the terms and conditions of this Agreement; and

b) its license agreement:

i) effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose;

ii) effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits;

iii) states that any provisions which differ from this Agreement are offered by that Contributor alone and not by any other party; and

iv) states that source code for the Program is available from such Contributor, and informs licensees how to obtain it in a reasonable manner on or through a medium customarily used for software exchange.

When the Program is made available in source code form:

a) it must be made available under this Agreement; and

b) a copy of this Agreement must be included with each copy of the Program.

Contributors may not remove or alter any copyright notices contained within the Program.

Each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.

4. COMMERCIAL DISTRIBUTION

Commercial distributors of software may accept certain responsibilities with respect to end users, business partners and the like. While this license is intended to facilitate the commercial use of the Program, the Contributor who includes the Program in a commercial product offering should do so in a manner which does not create potential liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions of such Commercial Contributor in connection with its distribution of the Program in a commercial product offering. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement. In order to qualify, an Indemnified Contributor must: a) promptly notify the Commercial Contributor in writing of such claim, and b) allow the Commercial Contributor to control, and cooperate with the Commercial Contributor in, the defense and any related settlement negotiations. The Indemnified Contributor may participate in any such claim at its own expense.

For example, a Contributor might include the Program in a commercial product offering, Product X. That Contributor is then a Commercial Contributor. If that Commercial Contributor then makes performance claims, or offers warranties related to Product X, those performance claims and warranties are such Commercial Contributor's responsibility alone. Under this section, the Commercial Contributor would have to defend claims against the other Contributors related to those performance claims and warranties, and if a court requires any other Contributor to pay any damages as a result, the Commercial Contributor must pay those damages.

5. NO WARRANTY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PROGRAM IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this Agreement, including but not limited to the risks and costs of program errors, compliance with applicable laws, damage to or loss of data, programs or equipment, and unavailability or interruption of operations.

6. DISCLAIMER OF LIABILITY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER RECIPIENT NOR ANY CONTRIBUTORS SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. GENERAL

If any provision of this Agreement is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this Agreement, and without further

action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

If Recipient institutes patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2(b) shall terminate as of the date such litigation is filed.

All Recipient's rights under this Agreement shall terminate if it fails to comply with any of the material terms or conditions of this Agreement and does not cure such failure in a reasonable period of time after becoming aware of such noncompliance. If all Recipient's rights under this Agreement terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this Agreement and any licenses granted by Recipient relating to the Program shall continue and survive.

Everyone is permitted to copy and distribute copies of this Agreement, but in order to avoid inconsistency the Agreement is copyrighted and may only be modified in the following manner. The Agreement Steward reserves the right to publish new versions (including revisions) of this Agreement from time to time. No one other than the Agreement Steward has the right to modify this Agreement. The Eclipse Foundation is the initial Agreement Steward. The Eclipse Foundation may assign the responsibility to serve as the Agreement Steward to a suitable separate entity. Each new version of the Agreement will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the Agreement under which it was received. In addition, after a new version of the Agreement is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. Except as expressly stated in Sections 2(a) and 2(b) above, Recipient receives no rights or licenses to the intellectual property of any Contributor under this Agreement, whether expressly, by implication, estoppel or otherwise. All rights in the Program not expressly granted under this Agreement are reserved.

This Agreement is governed by the laws of the State of New York and the intellectual property laws of the United States of America. No party to this Agreement will bring a legal action under this Agreement more than one year after the cause of action arose. Each party waives its rights to a jury trial in any resulting litigation.

Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

GNU LESSER GENERAL PUBLIC LICENSE

Version 2.1, February 1999

of this license document, but changing it is not allowed.

[This is the first released version of the Lesser GPL. It also counts
as the successor of the GNU Library Public License, version 2, hence
the version number 2.1.]

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public Licenses are intended to guarantee your freedom to share and change free software—to make sure the software is free for all its users.

This license, the Lesser General Public License, applies to some specially designated software packages—typically libraries—of the Free Software Foundation and other authors who decide to use it. You can use it too, but we suggest you first think carefully about whether this license or the ordinary General Public License is the better strategy to use in any particular case, based on the explanations below.

When we speak of free software, we are referring to freedom of use, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish); that you receive source code or can get it if you want it; that you can change the software and use pieces of it in new free programs; and that you are informed that you can do these things.

To protect your rights, we need to make restrictions that forbid distributors to deny you these rights or to ask you to surrender these rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library or if you modify it.

For example, if you distribute copies of the library, whether gratis or for a fee, you must give the recipients all the rights that we gave you. You must make sure that they, too, receive or can get the source code. If you link other code with the library, you must provide complete object files to the recipients, so that they can relink them with the library after making changes to the library and recompiling it. And you must show them these terms so they know their rights.

We protect your rights with a two-step method: (1) we copyright the library, and (2) we offer you this license, which gives you legal permission to copy, distribute and/or modify the library.

To protect each distributor, we want to make it very clear that there is no warranty for the free library. Also, if the library is modified by someone else and passed on, the recipients should know that what they have is not the original version, so that the original author's reputation will not be affected by problems that might be introduced by others.

Finally, software patents pose a constant threat to the existence of any free program. We wish to make sure that a company cannot effectively restrict the users of a free program by obtaining a restrictive license from a patent holder. Therefore, we insist that any patent license obtained for a version of the library must be consistent with the full freedom of use specified in this license.

Most GNU software, including some libraries, is covered by the ordinary GNU General Public License. This license, the GNU Lesser General Public License, applies to certain designated libraries, and is quite different from the ordinary General Public License. We use this license for certain libraries in order to permit linking those libraries into non-free programs.

When a program is linked with a library, whether statically or using a shared library, the combination of the two is legally speaking a combined work, a derivative of the original library. The ordinary General Public License therefore permits such linking only if the entire combination fits its criteria of freedom. The Lesser General Public License permits more lax criteria for linking other code with the library.

We call this license the "Lesser" General Public License because it does Less to protect the user's freedom than the ordinary General Public License. It also provides other free software developers Less of an advantage over competing non-free programs. These disadvantages are the reason we use the ordinary General Public License for many libraries. However, the Lesser license provides advantages in certain special circumstances.

For example, on rare occasions, there may be a special need to encourage the widest possible use of a certain library, so that it becomes a de-facto standard. To achieve this, non-free programs must be allowed to use the library. A more frequent case is that a free library does the same job as widely used non-free libraries. In this case, there is little to gain by limiting the free library to free software only, so we use the Lesser General Public License.

In other cases, permission to use a particular library in non-free programs enables a greater number of people to use a large body of free software. For example, permission to use the GNU C Library in non-free programs enables many more people to use the whole GNU operating system, as well as its variant, the GNU/Linux operating system.

Although the Lesser General Public License is Less protective of the users' freedom, it does ensure that the user of a program that is linked with the Library has the freedom and the wherewithal to run that program using a modified version of the Library.

The precise terms and conditions for copying, distribution and modification follow. Pay close attention to the difference between a "work based on the library" and a "work that uses the library". The former contains code derived from the library, whereas the latter must be combined with the library in order to run.

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License Agreement applies to any software library or other program which contains a notice placed by the copyright holder or other authorized party saying it may be distributed under the terms of this Lesser General Public License (also called "this License"). Each licensee is addressed as "you".

A "library" means a collection of software functions and/or data prepared so as to be conveniently linked with application programs (which use some of those functions and data) to form executables.

The "Library", below, refers to any such software library or work which has been distributed under these terms. A "work based on the Library" means either the Library or any derivative work under copyright law: that is to say, a work containing the Library or a portion of it, either verbatim or with modifications and/or translated straightforwardly into another language. (Hereinafter, translation is included without limitation in the term "modification".)

"Source code" for a work means the preferred form of the work for making modifications to it. For a library, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the library.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running a program using the Library is not restricted, and output from such a program is covered only if its contents constitute a work based on the Library (independent of the use of the Library in a tool for writing it). Whether that is true depends on what the Library does and what the program that uses the Library does.

1. You may copy and distribute verbatim copies of the Library's complete source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and distribute a copy of this License along with the Library.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Library or any portion of it, thus forming a work based on the Library, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- * a) The modified work must itself be a software library.
- * b) You must cause the files modified to carry prominent notices stating that you changed the files and the date of any change.
- * c) You must cause the whole of the work to be licensed at no charge to all third parties under the terms of this License.
- * d) If a facility in the modified Library refers to a function or a table of data to be supplied by an application program that uses the facility, other than as an argument passed when the facility is invoked, then you must make a good faith effort to ensure that, in the event an application does not supply such function or table, the facility still operates, and performs whatever part of its purpose remains meaningful.

(For example, a function in a library to compute square roots has a purpose that is entirely well-defined independent of the application. Therefore, Subsection 2d requires that any application-supplied function or table used by this function must be optional: if the application does not supply it, the square root function must still compute square roots.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Library, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Library, the distribution of the whole must be on the terms of this License,

whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Library.

In addition, mere aggregation of another work not based on the Library with the Library (or with a work based on the Library) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may opt to apply the terms of the ordinary GNU General Public License instead of this License to a given copy of the Library. To do this, you must alter all the notices that refer to this License, so that they refer to the ordinary GNU General Public License, version 2, instead of to this License. (If a newer version than version 2 of the ordinary GNU General Public License has appeared, then you can specify that version instead if you wish.) Do not make any other change in these notices.

Once this change is made in a given copy, it is irreversible for that copy, so the ordinary GNU General Public License applies to all subsequent copies and derivative works made from that copy.

This option is useful when you wish to copy part of the code of the Library into a program that is not a library.

4. You may copy and distribute the Library (or a portion or derivative of it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange.

If distribution of object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place satisfies the requirement to distribute the source code, even though third parties are not compelled to copy the source along with the object code.

5. A program that contains no derivative of any portion of the Library, but is designed to work with the Library by being compiled or linked with it, is called a "work that uses the Library". Such a work, in isolation, is not a derivative work of the Library, and therefore falls outside the scope of this License.

However, linking a "work that uses the Library" with the Library creates an executable that is a derivative of the Library (because it contains portions of the Library), rather than a "work that uses the library". The executable is therefore covered by this License. Section 6 states terms for distribution of such executables.

When a "work that uses the Library" uses material from a header file that is part of the Library, the object code for the work may be a derivative work of the Library even though the source code is not. Whether this is true is especially significant if the work can be linked without the Library, or if the work is itself a library. The threshold for this to be true is not precisely defined by law.

If such an object file uses only numerical parameters, data structure layouts and accessors, and small macros and small inline functions (ten lines or less in length), then the use of the object file is

unrestricted, regardless of whether it is legally a derivative work. (Executables containing this object code plus portions of the Library will still fall under Section 6.)

Otherwise, if the work is a derivative of the Library, you may distribute the object code for the work under the terms of Section 6. Any executables containing that work also fall under Section 6, whether or not they are linked directly with the Library itself.

6. As an exception to the Sections above, you may also combine or link a "work that uses the Library" with the Library to produce a work containing portions of the Library, and distribute that work under terms of your choice, provided that the terms permit modification of the work for the customer's own use and reverse engineering for debugging such modifications.

You must give prominent notice with each copy of the work that the Library is used in it and that the Library and its use are covered by this License. You must supply a copy of this License. If the work during execution displays copyright notices, you must include the copyright notice for the Library among them, as well as a reference directing the user to the copy of this License. Also, you must do one of these things:

- * a) Accompany the work with the complete corresponding machine-readable source code for the Library including whatever changes were used in the work (which must be distributed under Sections 1 and 2 above); and, if the work is an executable linked with the Library, with the complete machine-readable "work that uses the Library", as object code and/or source code, so that the user can modify the Library and then relink to produce a modified executable containing the modified Library. (It is understood that the user who changes the contents of definitions files in the Library will not necessarily be able to recompile the application to use the modified definitions.)

- * b) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (1) uses at run time a copy of the library already present on the user's computer system, rather than copying library functions into the executable, and (2) will operate properly with a modified version of the library, if the user installs one, as long as the modified version is interface-compatible with the version that the work was made with.

- * c) Accompany the work with a written offer, valid for at least three years, to give the same user the materials specified in Subsection 6a, above, for a charge no more than the cost of performing this distribution.

- * d) If distribution of the work is made by offering access to copy from a designated place, offer equivalent access to copy the above specified materials from the same place.

- * e) Verify that the user has already received a copy of these materials or that you have already sent this user a copy.

For an executable, the required form of the "work that uses the Library" must include any data and utility programs needed for reproducing the executable from it. However, as a special exception, the materials to be distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

It may happen that this requirement contradicts the license restrictions of other proprietary libraries that do not normally accompany the operating system. Such a contradiction means you cannot use both them and the Library together in an executable that you distribute.

7. You may place library facilities that are a work based on the Library side-by-side in a single library together with other library facilities not covered by this License, and distribute such a combined library, provided that the separate distribution of the work based on the Library and of the other library facilities is otherwise permitted, and provided that you do these two things:

* a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities. This must be distributed under the terms of the Sections above.

* b) Give prominent notice with the combined library of the fact that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

8. You may not copy, modify, sublicense, link with, or distribute the Library except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense, link with, or distribute the Library is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

9. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Library or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Library (or any work based on the Library), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Library or works based on it.

10. Each time you redistribute the Library (or any work based on the Library), the recipient automatically receives a license from the original licensor to copy, distribute, link with or modify the Library subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties with this License.

11. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Library at all. For example, if a patent license would not permit royalty-free redistribution of the Library by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Library.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply, and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

12. If the distribution and/or use of the Library is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Library under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

13. The Free Software Foundation may publish revised and/or new versions of the Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Library does not specify a license version number, you may choose any version ever published by the Free Software Foundation.

14. If you wish to incorporate parts of the Library into other free programs whose distribution conditions are incompatible with these, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

15. BECAUSE THE LIBRARY IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE LIBRARY, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE LIBRARY "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LIBRARY IS WITH YOU. SHOULD THE LIBRARY PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE LIBRARY AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE LIBRARY (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE LIBRARY TO OPERATE WITH ANY OTHER SOFTWARE), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
